I am currently a third-year Computer Science student at Kutaisi International University, possessing a solid foundational knowledge in computer science. I enrolled in 2022 with a 100% state grant and a monthly scholarship. Throughout my academic journey, I have developed valuable skills and gained hands-on experience in various areas of software development. While I am proficient in both backend and frontend development, my primary focus and passion lie in backend development. Additionally, I have experience in UI/UX design for websites. I am skilled in various programming languages. Furthermore, I have a strong aptitude for software testing and automation, which are key strengths in my skill set.

Experience

2023 - 2024

.NET Middle Developer

- Took a **.NET development** online course held by TBC IT ACADEMY to learn more about backend development and C# programming language. Moreover, course contained DB learning and polished up my skills in SQL. Successfully finished the course with the high scores and on top place in standings.
- During the course created several Web APIs on .NET 6, such as: Pizza Restaurant Application, TO-DO API and final project Forum.ItAcademy.Ge.

Freelancer Frontend developer

- I have created a Sales Project using HTML, CSS, JavaScript and React.
- This project aimed to develop a comprehensive sales platform using React, focusing on creating an intuitive and responsive web application for Sales Platform. The platform incorporates essential features such as product browsing, filtering, sorting, cart functionality, and user authentication and other important requirements.

UI / UX designer

- Took a UI / UX design online course to step in world of design and develop my skills of Figma, collaborative design tool for creating user interfaces and experiences.
- I have created an e-commerce project for sports shop.
- Project contains design of entire website. All important pages with excellent UI.
- Additionally, I was working on backend components of this online shop with my team.

Education

Kutaisi N41 Public School

Kutaisi International University (2022 - present)

- Bachelor of Computer Science
- GPA: 3.8

Language

- English C1 - C2
- Georgian (native)

Skills

- | | | | |
|---|--------------------|-------------------------|--------------|
| • UI / UX design with Figma (see My Project) | • C# | • SQL | • Python |
| • Manual Testing Techniques | • Java | • MariaDB | • Django |
| • Asynchronous programming | • Entity Framework | • MySQL | • OOP |
