I am currently a fourth-year Computer Science student at Kutaisi International University, possessing a solid foundational knowledge in computer science. I enrolled in 2022 with a 100% state grant and a scholarship. Throughout my academic journey, I have developed valuable skills and gained hands-on experience in various areas of computer science.
While I am experienced in both backend and frontend development, my primary focus and passion lie in backend development. Additionally, I have experience in UI/UX design for websites. I am skilled in various programming languages.

Experience

.NET Backend Developer *2023 - 2024*

- Took a **.NET development** course held by TBC IT ACADEMY to learn more about backend development and C# programming language. Moreover, course contained DB learning and polished up my skills in **SQL**. Successfully finished the course with the high scores and on top place in standings.
- During this course, I've gained valuable insights into .NET framework, C#, MVC framework, SQL, OOP, LINQ, Asynchronous Programming and much more advanced topics were covered completely.

Experience in Django

- Skilled in building basic web applications using Django models, views, and templates. Familiar with user authentication, permissions, and admin panel customization.

Experience in Frontend development

- I have developed a Flashcards full stack project with my own and Data Lister project with group.
- I have used **TypeScript, Node.js, Express.js, React, PostgreSQL**, and **Drizzle ORM** to build this full-stack application, with a complete testing suite using **Jest, Vitest**, and Cypress.

UI / UX designer

- Took a UI/UX design course held by TBC Campus to step in world of design and develop my skills of Figma.
- I have created an *e-commerce project* for sports shop and *music application* as final projects of the course.

Education

Physics and Mathematics Public School N41

Kutaisi International University (2022 - present)

- Bachelor of Computer Science
- GPA: ***3.4***

Skills

- English **B2 - C1**
- Mathematics
- Manual Testing Techniques
- Version control with ***Git***
- Communication & Collaboration
- Responsibility

Experienced in

- C#
- Java
- Python
- OCaml
- TypeScript
- HTML/CSS
- Django
- .NET
- OOP
- UI/UX
- Figma
- SQL
- PostgreSQL
- MariaDB
- MongoDB
