Motivated and **technically skilled** Computer Science student.
I am currently a **4th-year** Computer Science student at Kutaisi International University.
I enrolled in **2022** with a **100%** state grant and a scholarship.
While I am experienced in both backend and frontend development, my primary focus and passion lie in **backend development**.

Education

- Physics and Mathematics Public School N41
- Kutaisi International University (2022 - present)
  - Bachelor of **Computer Science**, **GPA: 3.4**

Experience

Teaching Assistant – ***Introduction to Theory of Computation, KIU*** (Spring 2025)

- Held seminar classes for Computer Science students
- Assisted students with exercises and course materials
- Reviewed and graded homework tasks

.NET Backend Developer (2023 - present)

- Took a **.NET development** course held by ***TBC IT Academy*** to learn more about backend development and **C# programming language**.
- The course also included working with **databases**, which helped me improve my skills in **SQL Server**.

- Continuously deepening my knowledge of **.NET**.
- Deepened my **.NET** skills by building ***DataImporter*** (GitHub link), an **ADO.NET** project for high-volume database synchronization using **C#** and **SQL Server**, with **clean architecture** and **professional version control practices**.

Telecom 1, ***Backend Developer Internship***

- Developed backend functionality for **MediaBox,** a streaming application offering TV channels through paid subscription packages, including the development of an admin panel for content and user management. using **PHP/Laravel**.
- Collaborated in **agile team** to deliver new digital service features.

Experience in Frontend development

- I have developed a ***Flashcards full stack*** and ***Data Lister*** (GitHub links) projects using **TypeScript.** Strong focus was on **software engineering principles** and **clean structure.**

Skills

- English **B2 - C1**
- Mathematics & Logic
- Version control with ***Git***

Experienced in

- C# (Deep)
- TypeScript
- Python
- Java
- .NET
- Django
- Laravel
- Php
- SQL Server
- ADO.NET
- Cloud
